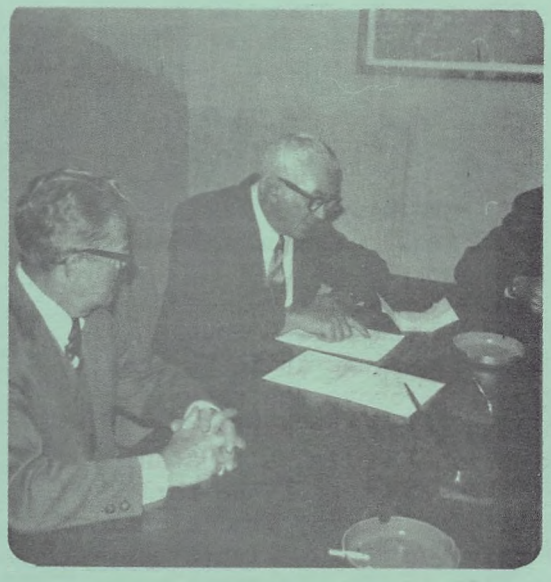
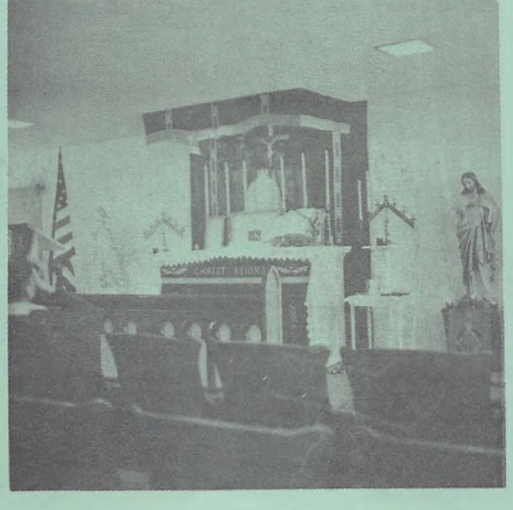
Doctor of the Church





THE TIDE IS BEGINNING TO TURN

A fierce battle is being waged between the forces of evil and the forces of good. The tide is beginning to turn, it seems to me, on two of the main fronts of this battle as it is being fought at the present moment in history. Those of you who know what the Conspiracy is and who are familiar with its most formidable foe, The John Birch Society, realize that the incredible stranglehold this Conspiracy has upon the nations of the world is cracking. As it is increasingly exposed and opposed, it will soon crumble, and then, no doubt, the era of peace Our Lady spoke of at Fatima in 1917 will come.

"How long shall be the vision, concerning the continual sacrifice, and the sin of the desolation that is made: and the sanctuary, and the strength be trodden under foot? And he said to him: Unto evening and morning two thousand three hundred days: and the sancturary shall be cleansed.....Understand, O son of man, for in the time of the end the vision shall be fulfilled." ----Daniel 8:13,14,17. Several times Daniel speaks of the continual sacrifice during the end times. How could this be anything other than the Holy Sacrifice of the Mass? Does chapter 8 of Daniel refer to World War II and to the presidents of the United States from Roosevelt to Nixon? Has not the continual sacrifice been suppressed since November 30th, 1969? Had you been to the meeting of The Committee For The Tridentine Latin Mass in Houston, Texas, February 20th, I think you would have sensed the determination of the priests and lay folks there, to fight to the death (if need be) to bring about the restoration of the Tridentine Latin Mass to the Latin Rite of the Catholic Church. All over the world traditional Catholics are rallying to preserve and to restore the continual sacrifice of the true Mass.

Dear Sir:

It has been said that the Catholic Church is a prime target of the U.S. Communist party. Not doubting that to be true, nevertheless a number of things indicate that the U.S. Communist party is like the 10% of the iceberg visible above the water. The largest and most dangerous part of the iceberg is hidden below the surface. I think the U.S. Communist party is part of a larger, international, criminal, Satanic conspiracy which aims to put itself in total control over the peoples of the world, to abolish civilization as we have known it, and to subvert and destroy traditional Christianity and all worship of the true God. One need only read Gary Allen's best-seller "None Dare Call It Conspiracy" to know that my opinion is not whimsical.

I believe that the Catholic Church was founded by Jesus Christ and that it was especially commissioned by Him to teach, to rule, and to guide--which teaching magisterium is chiefly exercised by the Vicar of Christ and the bishops and priests in union with him. Catholics are bound to accept the doctrine of the infallibility of the Pope, which doctrine was carefully described and defined by the First Vatican Council over 100 years ago. According to the very specific definition of this doctrine, which attributes infallibility to the Pope when he should publicly and solemnly (ex cathedra) define a matter of faith or morals for the entire Church, Pope Paul VI has not made any statements during his entire pontificate which would thus qualify as being infallible. Some folks confuse infallibility with impeccability (which means that one can do no wrong.) It is heretical to attribute impeccability to the Pope.

It should be no secret, though it still apparently is to some, that Satan and his agents have entered into the structure of the Catholic Church, and are working away to subvert it from within. They are the classical wolves in sheep's clothing, in the clothing of theologians, of "experts", of nuns and priests and bishops. The NOVUS ORDO MISSAE (new "mass") which these wolves have managed to foist upon unwitting Catholics the world around, is one of the chief means they are using in a diabolical effort to convert the worship of God into a cleverly contrived worship and religion of man. The Ottaviani intervention, a critical study of the New Order of the Mass by a group of Roman Theologians, which was submitted by Cardinal Ottaviani to Pope Paul VI and to the Bishops of Italy in 1969, states: "The New Order teems with insinuations or manifest errors against the purity of the Catholic religion and dismantles all defenses of the deposit of Faith."

Sincerely,

Father Dan Jones

RESOLUTIONS ADOPTED BY THE COMMITTEE FOR THE TRIDENTINE LATIN MASS AT ITS SEMI-ANNUAL MEETING IN HOUSTON, TEXAS, FEBRUARY 20, 1974:

1. Whereas, since the neglect of the Tridentine Latin Mass there has been a steady decrease in Mass attendance, in the number of confessions, in the registration in Catholic schools, in the number of Catholic schools, in the number of conversions, in the number of priests, in the number of seminarians and vocations, in the number of nuns, in the number of vocations to the religious life, and whereas there is a steady increase in the extent of confusion among the people of God, therefore be it resolved that the bishops seriously consider a genuine renewal and return to the Tridentine Latin Mass.

2. Whereas much of the confusion in the Catholic Church today is due to erroneous teachings in the universities, seminaries and other Catholic schools, we, therefore petition the bishops to investigate such conditions.

3. Whereas the Catholic faithful have been given numerous harmful changes that they never needed nor asked for, we, therefore, encourage all Roman Catholics who are disgusted with the liberal trends in the Catholic Church to give moral and financial support only to those parishes, priests, bishops, schools and religious orders that have not abandoned Catholic traditions and have not suppressed the Tridentine Latin Mass.

MONTHLY MASS SCHEDULE

Every month I've been traveling over 3000miles providing the Tridentine Latin Mass and the Sacraments to several communities of traditional Catholics across the state of Colorado. Below is my current monthly schedule. Hopefully, in the not too distant future, other priests will come forth to serve some of these groups on a more full-time basis. One retired priest friend of mine, who offers only the Tridentine Latin Mass, is Father Herman J. Leite, 812 Warner Street, Fort Morgan, Colo. 80701. His congregation assists at Holy Mass in his home on Sundays. Do you know of any other priests in Colorado who offer the Tridentine Latin Mass with a congregation present and who are not afraid to have it publicized?
